

Administrative Decision as adopted at the Gaborone Plenary, November 2006

The Working Group on Statistics should provide annual aggregated data on exports, imports, production and KP certificate counts of submitted statistical data to the Chair of the Kimberley Process for publication on the public section of the Kimberley Process web site in order to make these data available for analysis by interested parties. These aggregated data will be provided on an annual basis, six months after the end of the calendar year. Public release of these annual aggregated data will be initiated for the reference year 2004.

Amendment to the above Administrative Decision as adopted at the Brussels Plenary, November 2007

In addition, the Working Group on Statistics will make available quarterly aggregated data on exports, imports and KP certificate counts and semi-annual data on production for each Participant in the KPCS to the Chair of the Kimberley Process for public release in order to make these data available for analysis by interested parties. These data will be released annually roughly six months after the end of the calendar year and will be made available for reference year 2004 and all subsequent years.
